Simple Flooring Solutions for all your flooring requirements.

At John Lord Specialist Flooring we can supply and install every type of floor finish, whatever your requirement.

From classrooms and lecture theatres, to laboratories, sports halls, communal spaces and libraries. John Lord Specialist Flooring have a solution for every educational flooring requirement.

We manufacture and install our own industrial resins and offer the supply and installation of carpet, carpet tiles, vinyl, LVT, linoleum, rubber, timber, and sports and dance floors from every major manufacturer. All flooring materials and installations come with commercial guarantees, backed by the security of the CPC framework.

You can have total confidence in receiving the best value for money on your projects as framework supply and installation rates have been market tested by CPC. In addition, we can offer the free added-value service of calculating the life cost of your project options.

John Lord Specialist Flooring have been family owned since 1901 and offer unrivalled experience in the flooring industry. The John Lord commercial flooring team have 20 years' experience in servicing education sector framework contracts; delivering flooring projects across numerous universities, colleges, schools, and specialist educational establishments.
